

Parent Ambassador Program

2019

PRESENTED BY

Let's start working together to ensure success for you and your child!

Please plan to attend ONE of the following workshop events to learn more about this exciting leadership opportunity.

The Parent Ambassador Program is for parents who may feel disconnected or alone on their child's birth to five early intervention journey. This helps parents to meet, network, and support other local parents facing similar challenges. We want to help you learn how to become a member of the inaugural class of our new *Birth to Five Parent Ambassador* program.

AS AN AMBASSADOR, YOU WILL:

- Identify local parents of children with developmental disabilities or delays.
- Lead grassroots monthly meetings to facilitate constructive dialogue around issues of concern for families of children with special needs.
- Share ideas and collaborate with Anne Arundel County *Birth to Five* programs as well as a multitude of community agencies and organizations.
- Provide a safe, supportive environment for caregivers, and create an impactful, lasting community of caring for families of children receiving early intervention services.
